

About Us

Healthcare is more crucial than ever today, driven by the growing prevalence of health challenges across the globe.

At R Impex, we are committed to addressing these global health challenges by providing quality products to Hospitals, Healthcare centres, Professional clinical laboratories, Medical colleges and Central medical stores among others.

We are a dynamic Indian company run by a proficient team, with over two decades of experience in delivering quality healthcare products. We deal in a wide range of Hospital Disposables & Consumables, Medical Devices & Equipment, Surgical Instruments and Pharmaceuticals & Nutraceuticals for healthcare professionals.

In line with our global vision, we have a strong foothold in Southern and Eastern Africa. South Asia, Eastern Europe, and are exploring new business opportunities in Latin America and in the Middle East.

We believe in "Quality First" policy. We are committed to making healthcare accessible through responsible sourcing, environmental consciousness and using innovative technology.

What sets R Impex apart is our personalized client service, ensuring excellence in every aspect. We prioritize meeting critical timelines for seamless delivery of products.

Embracing the progressive vision of our nation, we take pride in also offering high-quality products crafted under 'Make in India' initiative. We invite you to partner with us.

WE SERVE TO MAKE A DIFFERENCE.

DIAGNOSTICS

GLUCOBUDDY GLUCOMETER

- · US FDA Approved
- · Automatic Strip Ejection
- · FAD-GDH System
- · Fast result in 5 Sec.
- · 900 tests memory.
- · Memory recall function
- Unique before meal and after meal setting.

DIGITAL B P MONITOR

- · LCD backlit display
- 99 memories with date & time for 2 person
- Irregular pulse detection with arrythmia monitor
- · WHO hyper tension indicator
- · USB PORT for power

HEMOGLOBIN METER

- · Works on reflectance photometery
- · Fast & accurate results in 15 seconds
- · 3AAA Batteries for more than 1000 times test
- · Only need 10uL whole blood
- · Can store 800 test memory

ULTIMATE BACK STETHOSCOPE

- · Chest piece Black Matt
- · Dual Head Stethoscope
- · Head Frame S.S. Black Matt
- · Soft Ear Knob & Snap on ring
- · Durable & Compact Design

COMPRESSOR NEBULIZER

- · Efficient respiratory therapy
- · Easy Carry handle
- · Light weight
- · Easy to Clean
- · Ideal for all ages
- · Complete nebulizer kit

CARDIOLOGY

Everoshine (6

EVEROLIMUS ELUTING CORONARY STENT SYSTEM:

Unique stent design together with the proven efficacy of Everolimus drug & Bioresorbable polymers resulted into Everoshine with excellent safety & efficacy profile.

SIROLIMUS ELUTING CORONARY STENT SYSTEM:

Innovative stent design with proven blend of anti-proliferative drug Sirolimus and Bio-degradable polymers, contributing to exceptional immediate and long term performance. Stenoflex has proven drug release kinetics.

STENT SPECIFICATION

Design:	Combination of Closed & Open Cell Design			
Material:	Cobalt Chromium (CoCr) L605			
Length (mm):	8, 13, 16, 20, 24, 28, 32, 36, 40, 43 & 47			
Diameter (mm):	2.00, 2.25, 2.50, 2.75, 3.00, 3.50, 4.00 & 4.50			
Strut Dimensions:	Thickness: 65 µm Strut: 70 µm Connectors: 50 µm			
Nominal Pressure (NP):	9 atm			
Rated Burst Pressure (RBP):	16 atm			
Foreshortening:	Nearly Zero			
Recoil:	<_5%			
Crossing Profile:	Nearly 1.00 mm			
Min. Guidewire Diameter:	0.014"			
Min. Guiding Catheter I.D.:	5 Fr Compatible			
Radial Strength:	Excellent			
Flexibility:	Excellent

DENTAL IMPLANTS

OPTIMIZED THREAD

- · Variable thread design from coronal to apical part allows gradual bone condensation
- · Buttress thread engineered for superior primary stability
- The Coronal back Taper for Enhanced soft and Hard tissue integration.
- Reduction of stresses in bone at both crestal and cancellous level

ANATOMICAL TAPERED DESIGN

- For maximum bone volume around implant for improved soft tissue support
- · Allows self-tapping properties
- · Provides excellent primary stability
- · Flat tip for better engagement
- Minimal instrumentation- all implants can be placed using the same kit

SURFACE (

- · For accelerated and improved osseointegration process
- Clinically proven Sand blasted, large grit, acid etched (SLA) surface
- · Macro roughness for predictable osseointegration
- · SLA has proven clinical efficacy in early implant loading

- · Surgeon Gown 3 Nos.
- · Hole Sheet 1 No.
- · Trolley Cover 1 Nos.
- · Drape Towel -6 Nos.
- · Face Mask 3 Nos.
- · Surgeons Cap 3 Nos.
- · Legging 3 Pair
- · Underpad 1 No.
- · Surgical Mop-1 No.
- · Goggles 1 No.

NEONATAL CARE PRODUCTS

RADIANT HEAT WARMER

- Powerful Microcontroller
- · Calibration free device
- · Ergonomic & Intuitive use interface
- · Optional: Height Adjustment Facility*
- · Optional: T-Piece Resuscitator*

PHOTOTHERAPY UNIT

- · Robust phototherapy stand
- · Height adjustment facility
- · Light dimming facility
- · Dual digital cumulative hour timer
- · Low power consumption
- · Overheat protection

NEONATAL RESUSCITATION UNIT

- · Powerful microcontroller
- · Calibration free device
- · Integrated suction facility
- · Integrated support for Oxygenation
- · Resuscitation Kits & Accessories

INFANT BASSINET TROLLEY

- · Easy to transport
- · Tub shaped bassinet
- · Height adjustment facility
- · Head up-down facility

T-PIECE RESUSCITATOR

- Excellent PIP(Peak Inspiratory Pressure)
- Excellent PEEP (Positive End Expiratory Pressure)
- · Excellent FRC (Functional Residual Capacity)
